## About Me

I am a third year Computer Science student at the University of Buenos Aires. I have been coding since I was 15 and have developed numerous personal projects in languages like C#, Python, Rust, and Java. I also have an extensive educational background in both English and Spanish and a passion for Linux.

## Interests

In my free time, I enjoy reading articles about programming and fictional sagas such as Percy Jackson. I also work on personal coding projects such as an asynchronous file downloader and my P2P File Transfer Program. I am a Linux enthusiast and enjoy tweaking my system as well as creating instances of services like Jellyfin in my homelab.
